- Incoming Material Inspection
- In-process Inspection
- Each piece is tested and Inspected before shipment.
- Finished Product Inspection.

# SELF-INFLATING TYPE

## Matrix Core Foam

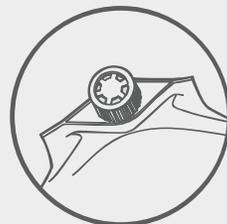

Designed for active travelers who want the lightest weight pad with the most compact storage. The Matrix die-cut provides top-notch insulation in extreme temperatures with minimum weight and bulk.

## Water Repellent Finish

(ON ALL MATS)

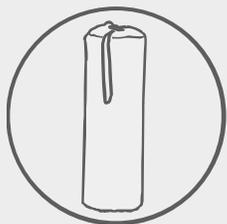

Our durable water-repellant finish helps protect from ground moisture and staining.

## High Quality Valves

(TYPE BASED ON INTENDED USE)

We either use the highest quality ABS valves for lighter weight mats or Brass valves for increased durability where weight is not a concern.

## Stuff Sack

(WITH ALL MATS)

We provide a convenient Stuff Sack for easy carrying and storage.

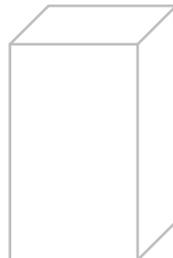

# EVERMAX
